# WHY DEFENSYS GROUP

- **WE DO IT RIGHT:** We're focused on effective project management and our people are chosen and trained for that purpose. We attract, develop and retain the highest quality project management professionals in the industry. And we employ a rigorous assurance process to make sure all project management consultants continually meet our quality standards and yours.
- **WE SAVE YOU RESOURCES:** We offer proven project management consulting that save you money, time and resources. And whenever possible, we minimize travel expenses by having our consultants who are based in the territory to manage the in person requirements.
- **WE'RE A ONE-STOP SHOP:** If you need a complete range of project management services, you can get them all from Defensys Group Ltd. We offer project management consulting, training and project office development services, led by highly trained project management consultants who hold credentials from the Project Management Institute(PMI)®.
- **WE'RE FLEXIBLE:** One size does not fit all. You need a project management solution designed to meet your specific need. We'll match the right team and the best project management service to the task at hand.
- **WE'VE GOT THE RIGHT TOOLS:** Our project management consultants are masters of communication, promoting teamwork, improving schedule accuracy, and decreasing schedule/performance related problems.

**We Manage The Project Through The Entire Lifecycle Of The Opportunity.**

# INDUSTRY FOCUS

## Aviation Business Consulting

Armed with statistical knowledge, technical expertise, and fact based prediction, we allow your business to truly soar.

## Business Services Consulting

We help you shape and position your business services in a way that enhances the output of your clients.

## Consumer Products Consulting

We help companies dealing in consumer products create and present products that perfectly blend in with the zeitgeist.

## Project Financing Consulting

Our financial experts help you analyze financial data, to create a rock steady financial foundation.

## Energy and Environment Consulting

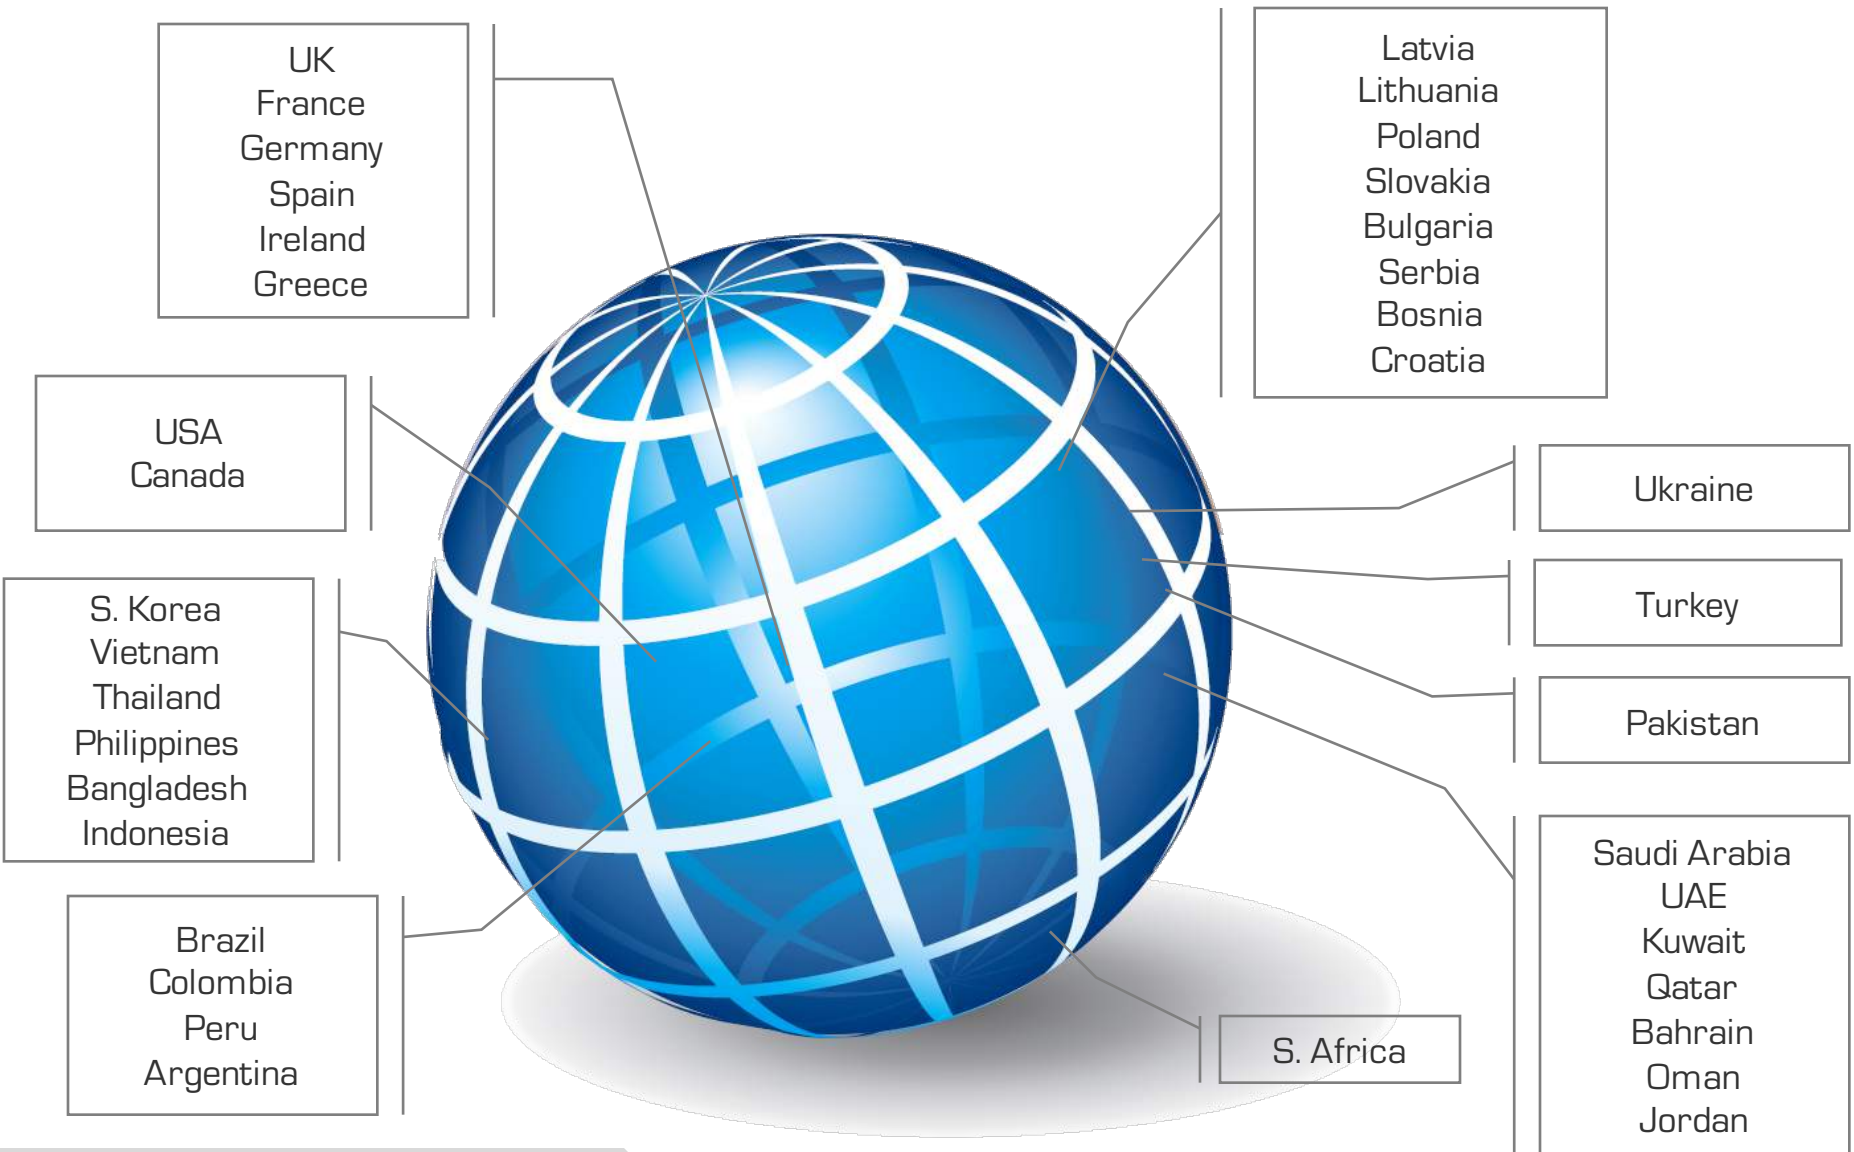

We work with energy companies to increase their efficiency and eliminate any environmentally harmful practices.

## Total Logistics Consulting

We are a company that offers design and build services for you from initial sketches to the final construction.
